

# Find Your Brick Paver

We have 1,063 engraved brick pavers installed in the beautiful plaza leading up to the entrance of the new Parish Life Building. Thank you for your Stewardship! Trying to find your paver can sometimes be a challenge as many of you may have experienced.

Just a little bit of information as to how the plaza is organized.

## Sections:

There are three large sections that are referred to as “1”, “2” and “3” as viewed from the entrance of the new building. Section 1 is closest to the entrance doorway, section “2” in the middle and section “3” closet to the Connor Ministry Building.

## Rows:

In each section there are rows that are referred to beginning at “1” to as high as “63”, depending on section size. The numbering is based on *only* those rows with engraved pavers. Row “1” is at the beginning of each section closest to the new building.

## Engraved Pavers:

The pavers are referred to beginning at “1” to as high as “7” in each row when counting *only* engraved pavers, from left to right, when facing the new building.

## Example:
