

For more than 20 years, the Faith & Golden Strip Church Coalition Build has significantly contributed to the affordable housing landscape in Greenville county.

Over the last 5 years, the families below have been directly impacted because of the faith communities support.

Thank you for your faithful support!

A Habitat Home Preservation Partnership is another important way to impact the life of a family. Our home preservation program is an extension of our core building program. Through weatherizations and repairs, we ensure more families are living in safe affordable housing. Your support is the key to providing strength, stability, and hope to Greenville County.

What can your support provide?

- \$6,500 an HVAC replacement
- \$4,500 a bathroom remodel through the Americans with Disabilities Act
- \$1,500 insulation to make the home more energy efficient
- \$1,300 replacement gutters
- \$350 a kitchen sink
- \$100 bathroom mirrors for a home
- \$50 energy efficient light bulbs

“ It’s just a blessing because I had a leak in the bedroom. It was leaking on a chair right near the bed. I think it’s a blessing from God, and I appreciate all the volunteers that have come so faithfully and worked diligently. ”

Elizabeth Johnson, Home Repair Recipient, 2020
